CLASSICAL ACADEMY And Family Boarding School,

FOR BOYS. "We do amine to spend seven ar eight years merety in scraping together as much Latin and Grack as
might be learned easily and nelightfully in one year."

—Milton.

TT IS THE AIM OF THIS INSTITUTION to form good, intelligent, happy and useful men The government is strictly parental, yet decided. A competent knowledge of our language is most especially directed to correct spelling, elegant roug-ing and speaking, composing, &c.

Mathematics are laught with a steady view to busi-ness and mental training.

LANGUAGES:

Herotofore, many of the best minds in the country have been deprived of the advantages arising from a knowledge of the Ancient and Modern Languages, on sec-unt of the unreasonable length of time required for their acquisition; but by an improved method of teaching, which is commended by Milton, Locke, Leibnitz, Sidney Smith, and others, our students in French or Germen are enabled to speak those lan guages in one year, and a thorough course of Latin and Greek is completed in three years. LECTURES.

The student in the Classical Academy is taught in one year the higher English branches, in a course, that embraces four hundred Legtures, which are delivered in a plain manner, and hy which he may learn more than he would by porting over his text books. which would only discourage him by their strange ter-minology, and rob him of that time, which should be devoted to spelling, writing, arithmetic and to his

The Lectures delivered will treat on the following Moral Philosophy, Natural Philosophy, Political Regnomy, Minerology, Elements of Laws, Ancient History, Modern History, Geology, Physiology, General Literature. English Literature. Physical Geography, Ancient Geo Ancient Geography.

Manufacturing Arts. The next term of ten weeks will commence on Monday, August 29th, 1859. nd the ensuing turm on Monday, November 7th. Expanses and Payments. Boarding, Tuition i the English Branches, washing rooms, fuel and lights.

per tefm of ten weeks, \$50.

Trition von Day Schollans:—English Branches, \$-06; each Language, \$500; Dinwing, \$300; Painting, \$500. One-half payment in advance, the balance at the middle of the term. BOARD OF INSTRUCTION. S. ROYCE, Principal Prof of Languages and Highor English Branches. Miss SARAH PERRY, Teacher of English branches.

Mrs. E. M. ROYCE, Teacher of English and Ornamental Branches. Hon Wm D Griswold, T C Bentin, Charles Wood, Benj. McKcen, A McGregor, John P. Usher, A M Ostrander, Wm Paddock, Judge D Deming, Fred. Markle, Por further information, address the Principal Tarre Haute, Aug 1st.

CITY GRADED SCHOOL. T 18 THE DESIGN OF THIS INSTITUTION, for the thorough and practical education of their

children, at such rates of tuition as will bring it within the reach of all, and which can only be done upon THE GRADED PLAN. The School is arranged and will continue to be con-ducted after the most approved Eastern models. It has been in operation one year, and is now completely organized furnishing to the pupil all the advan-

As the excellence and stability of a house depend upon the manner in which the foundation stones are laid and comented, so the character of an education DELAWARE STATE LOTTERIES depends upon the foundation. If this be not well se-cured, the superstructure must be unstable and un-safe; hence, in this School great importance is at-tached to the elementary studies, which are taught with great care and critical nicety—the motio in ev-ery Department being "Quality, not quantity." For the purpose of meeting the wants of the School, a Musical Department has been established. Prof. J. C. Meininger,

Whose services have been engaged, will have charge of this branch.
Of Prof MEISTNORR, whose reputation as a Musician covers the whole country, and whose great energy and incomparable skill as a teacher have done so souch in the way of awakening and developing Musical taste and knowledge among even the little children of this city, rothing need be said, except that he is Director of Music in the Graded School. Partiendary appointed by the Governor.

Sor attention given in this Department to the cultiva-

Two terms, of 21 weeks each, constitute the School year. The first term of the second year will commence MONDAY, September 4th, and centime 21 weeks, including one week vacation during holidays. RATES OF TUITION : Children from 5 years old and upward, in ABC's and onward till able to enter 3rd Reader, per term.

\$4.00. From this point upward, till prepared for advanced Arithmetic, Grammar, and higher studies, \$6.00. Higher English Branches, \$9.00. Ancient Languages including higher English branches, \$19.00.

PURCHASERS OF BOOKS

THE ORIGINAL

AT THE

G. G. EVANS.

Since I originated the will Book Enterprise, my large stock and liveral offers, to which they have aiways warmly responded. I can now, with more increased inducements to purchasers. Being very heavily engaged in publishing, I exchange my own publications for those of other houses, and em ens-bled to procure all my books at the original cost of making, and thus can and no supply the majority of the other houses engaged in the Gift Book Trade, picious decoctions emanating from irresponsible sources, and sold under various pretentious names.

The fact that our house (established in 1778) has attained a favorable stroy locusts, grasshoppers, and sold in 1778) has attained a favorable stroy locusts, grasshoppers, and sold in 1778 has attained a favorable stroy locusts, grasshoppers, and sold in 1778 has attained a favorable stroy locusts, grasshoppers, and sold in 1778 has attained a favorable stroy locusts, grasshoppers, and sold in 1778 has attained a favorable stroy locusts, grasshoppers, and sold in property and sold in 1778 has attained a favorable stroy locusts, grasshoppers, and sold in property and sold in property of this kind. Roterence with their books, there is a site of the attention to the Asternation of the American from the insurfacturers.

Scott, Cyrus W. Field, L. M. Projec, the Five Points Mission, &c., &c., Sudde Meigs says "This discovery of Prof. Lyon is of national importance."

He ather houses engaged in the Gift Book Trade, with their books, cheaped in their books, then they can with their books, then they can be with their books, then they can be with their books, then they can be with their books than any other bouse, and can give say Agents a larger company of the property of the property of the stroy locusts, grasshoppers, and all their books at the time of the attention to the attention of the American from the intention of the attention of the American from the intention of the attention o for reference, as it contains all the desirable books Particular attention is proposted to the list of my
